## CHEMISTRY FOR CONSERVATORS

### Distance Learning Course

Course Directors: C.V. Horie, BSc, FIIC, FMA

**September - December 2020**

This is to certify that **Giorgio Gardino Colonna** has completed this four month course for updating professional skills. The work required approximately fifteen hours of study per week and involved developing and refining scientific concepts, knowledge of chemistry and experimental techniques. The work was assessed by theoretical questions including short essays, and extended reports on practical chemical investigations related to conservation problems.

**Giorgio Gardino Colonna's average mark for the course was 55%**

A handwritten signature in black ink, appearing to read 'J Black', is written over a horizontal line. The signature is fluid and cursive.

**James Black**
